

The Tub with a system our Set-Variations

DERBLAUE® Complete Set
Whether customer service on the wall heater, dismantling radiators, replacing a siphon or draining entire systems. With the Complete Set, every challenge can be mastered professionally, as it consists of the Professional Tub, the powerful Pumping System, rechargeable Battery as well as the Slide, Single-Splash-Guard (1x22mm) and Double-Splash-Guard (2x15mm). Supplied in a practical carrying Bag.
Art. No. 13014 (EU) | Art. No. 13018 (UK) | Art. No. 13021 (US)

DERBLAUE® Set with Battery
Consists of the highly flexible Professional Tub, the powerful Pumping System and the 6000 mAh lithium-ion Battery. With just one battery charge, up to 1,500 liters can be pumped out with a running time of 3.5 hours, without the need for an additional power source. The Battery is rechargeable, shock-resistant, splash-proof and is perfect for the construction site.
Art. No. 13013 (EU) | Art. No. 13017 (UK) | Art. No. 13020 (US)

Optionally: DERBLAUE® Set without Battery
Art. No. 13012 (EU) | Art. No. 13016 (UK) | Art. No. 13019 (US)

DERBLAUE® Helper Set
Slide, Single-Splash-Guard and Double-Splash-Guard: The perfect combination for maximum splash protection. Thanks to integrated bending metal elements, they can be adapted to any environment and are ideal for directing liquids in a targeted manner. Clever: The Slide has neodymium magnets and can therefore be combined with the Professional Tub or the Splash-Guards.
Art. No. 13003

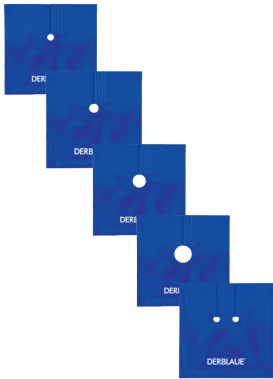

All products also available individually, e.g:

Tub
10 liters capacity
Art. No. 12012

Slide
with strong neodymium magnets
50 cm x 30 cm x 20 cm
Art. No. 12006

Flexible Protection Tub
190 cm x 140 cm
Art. No. 12014
110 cm x 85 cm
Art. No. 12018

36–45 mm
Art. Nr.: 12021

Double-Splash-Guard
2 x 15 mm
Art. No. 12005

Pumping System
Art. No. 12002 (EU)
Art. No. 12009 (UK)
Art. No. 12013 (US)

Battery
Splash proof
3,5 hours running time
Art. No. 12003

Various funnels for countless applications

Flexible Funnel
Incl. Suspension System,
3/4 inch hose connection,
bending metal elements,
eyelets, magnets and a
threaded sealing cap
Art. No.: 12015

Funnel 40
Incl. Suspension System
3/4 inch hose connection
40 cm x 40 cm
Art. No. 12007

Funnel 80
Incl. Suspension System
3/4 inch hose connection
80 cm x 80 cm
Art. No. 12008

Funnel 110
Incl. Suspension System
3/4 inch hose connection
110 cm x 110 cm
Art. No. 12017

Foldable Funnel
Incl. Suspension System
3/4 inch hose connection
105 cm x 52,5 cm
Art. No. 12016

DERBLAUE® in use from the cellar to the roof

Whether heating, plumbing or air conditioning: DERBLAUE® ensures efficient and simple work everywhere in the building. Draining heating systems, replacing siphons, valves or pumps and servicing air conditioning systems - with DERBLAUE®, liquids are collected cleanly and pumped out in a controlled manner.

Flexible working on the floor heating manifold

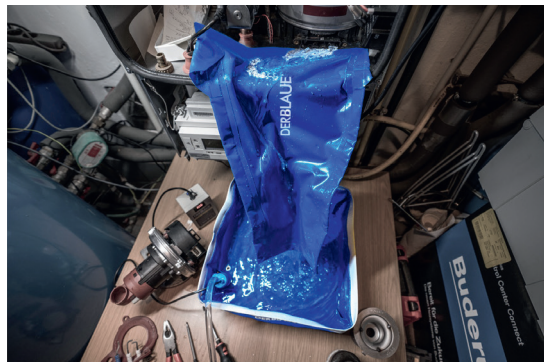

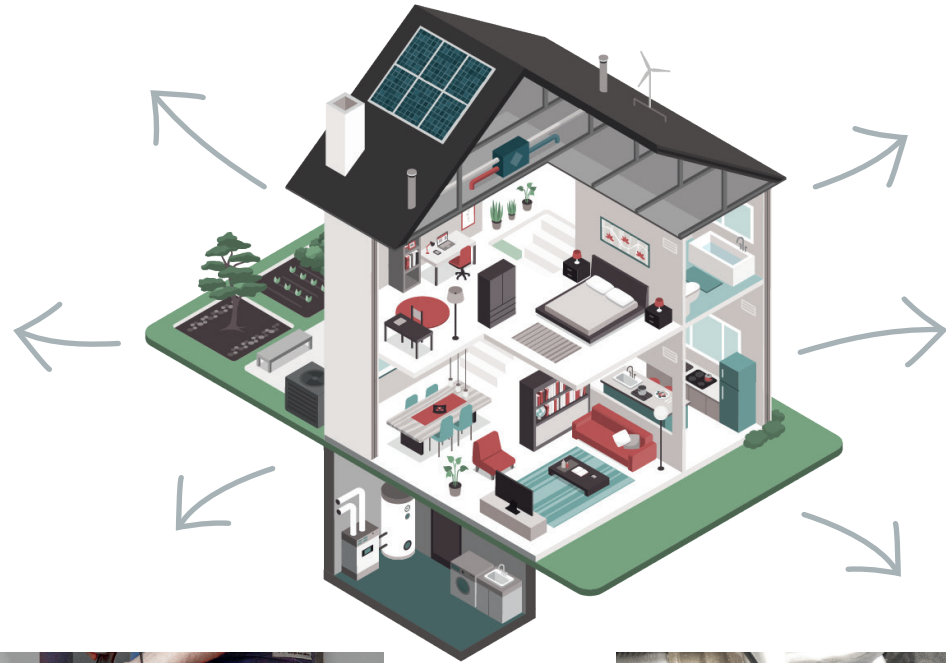

Battery with 3.5 hours of runtime and 1,500 litre capacity

Put down tools and protect customers' floors

Perfect for pump replacement

Control unit is protected - maintenance on wall heaters

Flexible attachment via magnets or eyelets

Ideal for tight installation situations

Clean split indoor units on site with the Foldable Funnel

DERBLAUE® Standard for every professional!

Put an end to improvised solutions and disposable products that are a burden on the environment and your nerves. With DERBLAUE® your team will work more cleanly, efficiently and professionally. An investment that pays off - for you, your team and your customers. Because the real question is: Can you still afford to work without DERBLAUE®?
